Applicant disagrees with the Examiner's Reasons for Allowance. The claims are allowable for each and every feature that the references of record fail to disclose, teach, or suggest, taken alone or in combination. Applicant does not concede that the stated Reasons for Allowance are the only grounds for patentability of the allowed claims, that the features of the claims that have been excluded from the Reasons for Allowance are disclosed, taught, or suggested by the references of record, or that all of the features recited in the Reasons for Allowance are necessary for patentability of the allowed claims over the references of record.
